

Arpeggio Archery- Level I

An introduction to arpeggios to help you learn them instinctively.
Beginner Level- I.

A First Arpeggios: Make sure you clone EACH note's START and SOUND to be the same.

B Fanfare Arpeggios: Avoid tension here; instead, aim for a warm and round sound.

C Blossom Slurred Arpeggios: If you play these slow, keep them at a full and resonant dynamic. If you play them quicker, keep the air flowing and even.
